

Providing a medical home  
for those in need

## TRANSPARENCY IN HEALTH CARE PRICING

Per requirements in the Transparency in Health Care Prices Act (SB17-065) Clinica Colorado is providing a list of the most used procedures that we charge our patients. These prices are estimates and that actual charges for health care services are dependent on the circumstances at the time the service is provided.

If you are not covered by health insurance, you are strongly encouraged to contact Clinica Colorado at 720-443-8461 to discuss payment options prior to receiving a health care service from this health care facility since posted health care prices may not reflect the actual amount of your financial responsibility.

If you are covered by health insurance, you are strongly encouraged to consult with your health insurer to determine accurate information about your financial responsibility for a particular health care service provided at this health care facility. However, Clinica Colorado DOES NOT accept any private insurance but does accept Health First (Medicare), Medicaid and CHP+ (Children's Health Plan) **in limited circumstances**.

The following is a list of our most commonly used procedures and diagnoses, BEFORE any discounts are applied:

Diagnosis/Procedure Code	Definition	Cost (some before discounts)
